

Online Webinar

# Myelofibrosis: Updates in the Onkopedia Guidelines

Tuesday, October 14<sup>th</sup>, 2025  
16:30h – 18.00h

Dear colleagues,

We are pleased to invite you to an exceptional education event:  
**Myelofibrosis: Updates in the Onkopedia Guidelines 2025**

In this compact and expert-led webinar, you will gain insights into the latest developments in the diagnosis and treatment of **Myelofibrosis**, based on the most **recent Updates of the Onkopedia Guidelines**.

We are honored to welcome the leading experts in the field, who will provide a concise, practice-oriented overview of the most relevant changes and their implications for clinical care.  
**The event will take place online, allowing you to join from wherever you are – whether in your practice, at the clinic, or from home.**

Take this opportunity to stay informed about scientific advances, updated recommendations, and evidence-based therapy options in the evolving landscape of Myelofibrosis.

We look forward to your participation and to an engaging and informative evening.

Chairs of event

**Prof. Dr. med. Alexandre Theocharides**  
University Hospital Zurich, Zurich, CH

**Univ.-Prof. Dr. Dominik Wolf**  
Universitätskliniken Innsbruck, Innsbruck, AT
