Leiter Zentrum für Lymphome und Leukämien  
Klinik für Medizinische Onkologie und Hämatologie  
Kantonsspital Winterthur

**Caspar Fröhlich**

I support top management leadership teams becoming aligned, synchronized and high performing. In addition to leadership coaching, my activities include organizational development processes and the design and facilitation of management off-sites. My client portfolio comprehends industry leading companies like Siemens, Healthineers, Swisscom, AXA XL, Angst +Pfister Group, Migros Group and Blue Ocean Entertainment. After graduation I have worked 15 years in the management consulting industry. This includes 7 years as a partner and co-owner of a management consulting company, which was distinguished with an ASCO Award. I hold a Master's degree (lic. oec. publ.) from the University of Zurich and completed many years of psychotherapeutic training at the Institute for Process Work in Zürich. I am a member of the European Mentoring and Coaching Councils (EMCC Switzerland) and have worked for many years as a mentor in the coaching program of the University of St. Gallen (HSG).

**Directions**

**HOW TO FIND US BY TRAIN:**

Swiss railways SBB will bring you to Konolfingen where you change to the RM-train. As the ride to Stalden takes only two minutes, we recommend that you press the stop button immediately after Konolfingen. From Thun you reach Stalden without having to change trains. Please note: Express trains do not stop at Stalden! The Castle Hünigen is located a few steps from the train station.

**HOW TO FIND US BY CAR:**

From Berne: A6 direction Thun, exit Rubigen, via Münsingen to Konolfingen, in the centre turn right in the direction of Thun and after 700 m in Stalden turn left, signpost Freimettigen / Castle Hünigen.

### Teambuilding, teaming and forging positive relationships

Wherever and however we work in hematology, we are depend on a team doing the job!

Therefore we are always as good as the team and investments to improve the team consistently also increase our personal skills.

This Haem+ Academy workshop will give you a broad variety of possibilities and background knowledge to bring your team to a next level.

We are looking forward to another interesting Haem+ workshop and hope that you will find this topic appealing to attend.

Yours sincerely,

Prof. Dr. Dr. Walter Willemin
